Medicolegal Fee Schedule

General surgical and vascular surgical instructions are considered for:

- Screening
- Breach of Duty
- Causality
- Condition and Prognosis

All reports are Part 35 compliant where applicable.

Fees are:

- £250 per hour for paperwork and clinical assessments
- Non-Attendance:
 - £50 non-attendance charge for clinical consultation if cancelled with less than seven days' notice
 - £150 fee if cancelled with less than 48 hours' notice
- Court attendance £250 per hour pro rata
- Cancellation fees (no claim will be made for expenses):
 - 50% if less than one weeks' notice
 - 100% if less than 48 hours' notice

Report completion and return is scheduled for two weeks from instruction (depending on the need for clinical assessment and patient availability.)

Typical total fees and turnaround times

Mr Birchley undertakes all communication via email in order to expedite the process.

The typical total fees are:

Screening	£250
Condition / prognosis	£1000 representing three hours of background work and a one-hour clinical assessment.
Clinical Negligence	Pro rata – an estimate will be provided once the instruction is received.

Additional reports / Part 35 Questions

Work undertaken is charged at £250 per hour.

It is Mr Birchley's preference to produce a single, comprehensive report based on all required documentation rather than multiple supplemental reports where possible.

Payment terms

Unless explicitly stated, Mr Birchley **requires full payment within 3 months of completion of the instruction**. Further related instructions will extend the period by three months.

By prior agreement, payment may be deferred until the litigation process has concluded.

It is understood that instruction will only proceed on the acceptance of the above terms and conditions.

Please contact us at appointments@exetervascular.co.uk if you wish to make an instruction.
